Experience

Framgia Vietnam

Senior iOS Developer

January 2016 - Present (4 years 5 months)

Vietnam

Start as senior iOS developer, I was joined to projects as iOS team leader and technical leader. Project duration often is one year.

I also is iOS trainer and iOS interviewer.

I also participated in building the CI / CD system for my company.

Viet Nhat Joint Stock Company

iOS developer and deputy Head of iOS Division

October 2013 - January 2016 (2 years 4 months)

Ha Noi, Viet Nam

Start as iOS programmer, after only 6 months I was appointed to team leader because I hard working, learning very fast and have in-depth knowledge of programming language.

Did not stop there 12 months later I was appointed to deputy head of division because I have sense of responsibility and have project management capacity.

I also is iOS trainer and iOS interviewer.

Then I quit to find new challenges
