## Top Skills

Microservices  
Spring Boot  
Java

# Long Nguyen

Java Backend Developer  
Hanoi

## Summary

Currently, I work on the backend side of Spring Boot and Nodejs (as a beginner). In addition to that, I am comfortable with frontend technologies (reactjs in particular). I have experience to work with some kind of database like MySQL, MongoDB, Redis, and message queue broker like Kafka and maybe a little bit of Redis pubsub/stream.
