Some participated Project / Một vài dự án đã tham gia

Project : Lotus

Description	App about VietNameese social network
Position	Code IOS and manage project, build libraries for app
Members	22
Language	Swift 5
Responsibilities	<ul style="list-style-type: none"> Analyze requirement Divide project into modules for team Manage project process follow deadline Build framework for app Develop some modules
Technologies used	IGListkit, kingfisher,material design,socketIO, protobuf, Realm, DRMplayer,...

Project : Wepay

Description	E-Wallet
Position	Code IOS and manage project
Members	1
Language	Swift 4.2
Responsibilities	<ul style="list-style-type: none"> Analyze requirement Manage and develop project process follow deadline Submit app to applestore
Technologies used	SDWebImage,material design,Secure(AES, Hash), QRcode

Project : Sport5

Description	Sport News, result of sport matches, schedule, live score
Position	Code IOS and manage project
Members	2
Language	Swift 4.2
Responsibilities	<ul style="list-style-type: none"> Analyze customer's requirement Divide project into modules for team Manage project process Develop some modules by xcode Submit app to applestore
Technologies used	SDWebImage,material design,socketIO

Project : VTV-Entertainment

Description	App for shows and videos of VTV, livestream channels,...
Position	Code IOS and manage project
Members	3
Language	Swift 4.2
Responsibilities	<ul style="list-style-type: none"> Analyze customer's requirement Divide project into modules for team Manage project process Develop some modules by xcode Submit app to applestore
Technologies used	SDWebImage,DRMplayer

Project : VTV-News

Description	App for news of VTV, livestream channels,...
Position	Code IOS and manage project
Members	5
Language	Swift 4
Responsibilities	<ul style="list-style-type: none"> Analyze customer's requirement Divide project into modules for team Manage project process Develop some modules by xcode Submit app to applestore
Technologies used	SDWebImage,DRMplayer

Project : MuaChung

Description	E-Commerce Exchange
Position	Code IOS and manage project
Members	5
Language	Swift 3
Responsibilities	<ul style="list-style-type: none"> Analyze customer's requirement Divide project into modules for team Manage project process Develop some modules by xcode Submit app to applestore
Technologies used	SDWebImage, material design, XMPP

Project : BDS Mở Bán

Description	Live stream buying real estate and chat to telesale
Position	Code IOS and manage project
Members	3
Language	Swift 3
Responsibilities	<ul style="list-style-type: none"> Analyze customer's requirement Divide project into modules for team Manage project process Develop some modules by xcode Submit app to applestore
Technologies used	LiveStream, Firebase (database, storage)

Project : ZChat

Description	App chat for staffs and telesales in Zamba
Position	Code IOS and manage project
Members	1
Language	Swift 3
Responsibilities	<ul style="list-style-type: none"> Analyze requirement Manage and develop project process follow deadline Submit app to applestore
Technologies used	XMPP, PjSip

Project : BDS Ròng Bay

Description	App about real estate
Position	Code IOS and manage project
Members	3
Language	Swift 3
Responsibilities	<ul style="list-style-type: none"> Analyze customer's requirement Divide project into modules for team Manage project process Develop some modules by xcode Submit app to applestore
Technologies used	XMPP, Chart by CALayer, VR, CoreData

Project : Rento

Description	App about real estate, offices, apartments
Position	Major Coder IOS
Members	2
Language	Swift 2.2
Responsibilities	<ul style="list-style-type: none"> Analyze my own task Develop some modules by xcode
Technologies used	Chart by CALayer,SDWebImage, Map(collages locations to number), CoreData

Project : Ksmart Sales (version 1.0 ~ version 1.62)

Description	Manage shipper for all companys
Position	Major Coder IOS
Members	1
Language	ObjectiveC
Responsibilities	<ul style="list-style-type: none"> Analyze customer's requirement Design interface. Develop the project by xcode Writing document ,support, training
Technologies used	Optimize get GPS, map, sqlite3

Project : Chăm công for Lac Hong Media company

Description	App reports that employees check in
Position	Major Coder IOS
Members	1
Language	ObjectiveC
Responsibilities	<ul style="list-style-type: none"> Design interface. Develop the project by xcode
Technologies used	RestfulApi

Project : Tadi for VTC (version 1.0 ~ version 1.5)

Description	Help parents manage their children by tadi watch
Position	Major Coder IOS
Members	2
Language	ObjectiveC
Responsibilities	<ul style="list-style-type: none"> Design interface. Develop many tasks
Technologies used	voip

Project : Ksmart For VTC

Description	Manage shipper for VTC company
Position	Major Coder IOS
Members	2
Language	ObjectiveC
Responsibilities	<ul style="list-style-type: none"> Analyze customer's requirement Design interface. Develop the project by xcode Writing document ,support, training
Technologies used	map, sqlite3

Project : Ket Qua Viet for VTC

Description	Result of lottery
Position	Major Coder IOS
Members	2
Language	ObjectiveC
Responsibilities	<ul style="list-style-type: none"> Analyze customer's requirement Design interface. Develop the project by xcode Writing document ,support, training
Technologies used	SocketIO,Coredata

Project : Taxi Tracking

Description	Result of lottery
Position	Coder IOS
Members	2
Language	ObjectiveC
Responsibilities	<ul style="list-style-type: none"> Repair functions which customer requires
Technologies used	SocketIO,Coredata

Project : Alo Taxi – TaxiGroup

Description	Call taxi of TaxiGroup quickly
Position	Coder IOS
Members	3
Language	ObjectiveC

Responsibilities	<ul style="list-style-type: none"> Develop additional functions.
Technologies used	SocketIO, CoreData
Project : Alo Taxi – TaxiGroup	
Description	Call free by Vo-ip. App for Lac Hong Media company
Position	Coder IOS
Members	3
Language	ObjectiveC
Responsibilities	<ul style="list-style-type: none"> Analyze and design Vo-ip server. Develop many tasks, functions..
Technologies used	SocketIO, CoreData

II. QUALIFICATION IN DETAILS

EDUCATION/ <i>Trình độ học vấn</i>			
University/ <i>Trường</i>	Department/ <i>Khoa</i>	Graduation year/ <i>Năm tốt nghiệp</i>	Grade/ <i>Kết quả học tập</i>
Water Resource University	Information Technology	2011-2016	Good
