Summary

Experienced Full Stack Engineer with a history of working on large traffic applications. I can handle the entire software development life cycle. As an experienced trainer, I can share my knowledge and experience with others to help the team for growth. I'm interested in large-scale systems and want to make a career based on it (Realtime processing, BigData, etc.).

Experience

ZALO OFFICIAL ACCOUNT (ZALO PAGE) / Fullstack developer

JUNE 2017 - PRESENT

- Platform is similar to Facebook Fan Page.
- Responsibilities :
 - + Build back-end , middle-ware for the system with my team.
