

# Vu Anh Chien

---

## PERSONAL DETAIL

- **Full name:** Vu Anh Chien
- **Gender:** Male
- **Date of birth:** 22/02/1984

## SUMMARY INFORMATION

- I have nearly 12 years of experience working in the IT software industry. In that 8 years as a developer and team leader, And over 4 years as a project manager. My experience as a developer gives me a deep technical understanding. In addition, being a team leader also helped me have more skills in team management and work coordination.
- Over 4 years' Project Management experience, equipped with an extensive background managing technical projects in the Japanese customer environment always requires the precision of time and quality to be guaranteed. Flexible use of professional project management methods, which promote a transparent and consistent approach to delivery. Impress clients by consultative approach, good humor, and integrity, whilst being recognized by peers and leaders for the ability to win and maintain trusting relationships. An adaptive team member with excellent communication and negotiation skills in both verbal and written to work easily with either technical or non-technical people.

## EDUCATION

- **University:** Ha Noi Open University
- **Major:** Bachelor of IT

## CERTIFICATION

**Programer - The National Institute of Information Technology NIIT**  
**Project Management Course at PMA**

## LANGUAGE SKILL

- Vietnamese | Mother Tongue
- English | Good
