■ Language

Language	Primary	Intermediate	Superior
English		O	

■ Language programming

Language	Time during	Level Primary	Intermediate	Superior
Java	2.5 Year		O	

■ Frontend

Language	Time during	Level Primary	Intermediate	Superior
HTML, CSS	5 Month		O	
JavaScript/Jquery/Boostrap/Ajax	5 Month		O	

■ Database

Language	Time during	Level Primary	Intermediate	Superior
Postgres	1 Year		O	
SQLserver	1.5Year		O	
Mysql	6 Month		O	

| Mariadb | 8 Month | | O | |
| Dynamodb | 1 Year | | O | |

■ Framework

Language	Time during	Level		
		Primary	Intermediate	Superior
Spring MVC	1 Year		O	
Terasonula Framework (*)	1.5 Year		O	
MyBatis	1 Year		O	
Liferay	6 Month	O		
ZK	8 Month		O	

(*)TERASOLUNA Framework is a solution developed and provided by NTT DATA Group

■ Design Skill

	Time during	Level		
		Primary	Intermediate	Superior
Detail Design	1.5 Year		O	
Create Test Case	1.5 Year		O	

■ Others

	Time during	Level		
		Primary	Intermediate	Superior
Amazon S3	5 Month	O		
Automation test (cypress)	5 Month	O		
Redis	5 Month	O		

■ Tool

- Eclipse
- Visual Studio Code
- TortoiseSVN (Version control client software)
- Github (Version control using Git)
- PgAdmin3 (PostgreSQL Tools for Windows)
- MYSQL Workbench
  ...

■ Work History

Time	Project	The tasks in charge	Environment / Tech
04/2019-Now	**Project name** TMIS-BATCH **Summary** The system builds Batch transfer data from tsv files to database for Tmis-online and indexing of images	- ANLYSIS and DESIGN for new requirements - WRITING SQL statement to do the complex businesses. - CODE for batch using multiple threading, Java application - CREATE test case/ EXECUTE test with wide data patterns - REVISE database when have change request.	・Terasoluna ・SQL server ・Mybatis ・Amazon S3

		- BACKUP/RESTORE database on AWS and upload to S3 Amazon.	3
	Project name TMIS-ONLINE **Summary** The system builds program support copyright image registration	- MAINTAIN and UPGRADE for old program - REVISE/UPDATE design document for new requirements. - Responsible for Spring security configuration. - Responsible for working with amazon s3 - CODE for updated/new module. - CREATE test case/EXECUTE test in UT phase (Junit, manual), in IT phase (Automation Test – Cypress / Manual).	・Spring ・Mybatis ・Terasoluna ・DynamoDB ・Amazon S3 ・Redis ・Postgres ・Cypress
5/2018-3/2019	**Project name:** VPCP **Summary:** The system builds the process of managing work schedules, document management and internal mail management of VPCP	- Coding	・ZK ・MariaDB
10/2017-3/2018	**Project name:** STRESSCHECK	- Basic Design - Coding - Test Design	・Liferay ・Mysql

■ **Personal skills**
- Good teamwork skills
- Positive attitude in work
- Enthusiastic, responsible at work.
- Hardworking, eager to learn.
